Tremendous Yields of Apples and Peaches-Flag to Be Returned.

[Special to The Times-Dispatch.] Raleigh, N. C., August 8.—Reports from the Western section of the State are that the crops, especially corn, are the finest in years. The fruit crop, too, has proven to be something immense. Apples are said to be selling for 10 and 15 cents a bushel, and peaches for 25 cents a bushel, with nothing like adequate market for them at that. Some of the owners of extensive apple orchards are distilling their apples, under the provisions of the State law that allows growers to distill, but not to sell. Just how they

Special dispatches Saturday regarding the Wake Republican Convention, or rather conventions, for there was a split in the ranks, designating the wing of the party that withdrew to the Republican Club apartments under the leadership of Postmaster Willis G. Briggs, as the "organization." It is a fact that County Chairman Barrow, and the majority of the delegates remained in the courthouse convention, so that the county organization was represented in that convention, which elected Lester Butler, brother of Ex-Senator Marion Butler, thairman. The idea of "organization" as applied to the faction that withdrew came from the fact that they represent the interests of National Committeeman E. C. Duncan, and the State organization, headed by State Chairman Spencer B. Adams.
